

Report to the Kentucky Library Association Board
President
September 19, 2012
Louisville, Kentucky

I attended the following:

- ALA Webinar “Passing the Community Engagement Baton” on June 8, 2012
- ALA Annual Conference in Anaheim, CA, June 22-26, 2012, where I represented KLA at the Chapter Relations Committee I and II, and was introduced at the ALA Council I meeting
- Kentucky School Media Association Summer Refresher in Bowling Green, KY, July 16-17, 2012
- State Advisory Council for Libraries Meeting at KDLA headquarters in Frankfort, July 27, 2012

I have completed and submitted fourth columns for *Kentucky Libraries* and In-Fo-Cus.

I have created an ad hoc committee, the Kentucky Information Literacy Month Exploration Committee (AH-2). This ad hoc committee was created to explore the possibility of having Kentucky declare October as Kentucky Information Literacy Month, which would mirror the National Information Literacy Month, and to report back to the KLA President and Executive Board on the recommendation of the committee. If it is decided to move forward, this committee would complete the paperwork to have an official declaration made by the Governor. The committee is composed of Marcia Freyman, Chair, Mark Adler, Maureen Cropper, Emmalee Hoover-Hill, and Adele Koch.

Respectfully Submitted,

Terry Buckner, President
Kentucky Library Association
