

Report to the Kentucky Library Association Board
President-Elect
Louisville, Kentucky
June 2, 2012

I attended the National Legislative Days in Washington, DC in April. We met with both legislators and legislative aides to discuss issues of concern including LSTA funding and the trending loss of school librarians.

The schedule for the KLA Fall has been tentatively set and includes preconferences with Blackbelt Librarian author, Warren Graham, luncheons with authors Tess Gerritsen and Michael Buckley, additional author sessions with Mark Wayne Adams and Silas House. Opening session speaker will feature ALA President Maureen Sullivan. Thursday evening will feature a social gathering at O'Shea's and proceeds will benefit the continuing education fund.

I have gathered the names of 13 KPLA members interested in participating in a Digital Devices interest group. Joe Schweiss, Director of the Henry County Public Library, has agreed to help facilitate the group.

Respectfully submitted,

Lisa R. Rice
President-Elect
