

## **A-11. Listserv Manager**

March 5, 2011  
Lexington, KY

### **Listserv Manager Report Quarterly Report**

There have been no major problems occur with the listserv this year. I would like to thank Co-Manager Terri Brown for doing a wonderful job running the listserv while I was off on maternity leave. Terri updated the board and planning listservs to mark the annual “changing of the guard”.

Questions continue to arise about ownership of listservs that are not KLA general listservs. Some type of report should be created so that we can direct the membership appropriately. Also asked, “are new members added to the listserv automatically?” While this was discussed a few years ago, we are currently unsure about this issue. As far as we know, the answer is “no”.

The automatic features of the listserv server that continually check for lapsed accounts and unauthorized postings is working well and there are no errors to report with that.

Respectfully submitted,

Sara Brown, List Manager  
Terri Brown, Co-List Manager
