

Conference Analysis Committee Report

Report to the Board

Louisville, Kentucky

June 4, 2011

Report-The committee has identified 13 associations whose members (in number and in type) resemble KLA. We developed a short survey to send to each of these. We haven't heard back from the associations although Tom did receive information from others through his association list serve. The survey is located at <http://www.surveymonkey.com/s/8QFT3K6> if you'd like to view it.

We will continue our charge and have a final report at the next meeting.

Respectfully submitted,

Terri Kirk
