

Archives Ad hoc Committee
Report to the Board
October 1, 2008

- The Kentucky Library Association Archives have been moved. They are now on the second floor of the Kentucky Department for Libraries and Archives, behind Talking Books.
- I spent a recent afternoon doing a bit more organizing and labeling of files, etc. Most items in the Archives are organized by years, sections, round tables, etc. There is still work to be done in labeling and the next step of organizing within the sections, committees, and round tables.
- A call has gone out for additions to the archives. The Academic Section's call for programs resulted in a few additions. With the exception of these programs, Board documents and KLA publications, nothing has been added to the archives since the mid-eighties.

Respectfully Submitted,

Carolyn Tassie, Chair
Archives Ad Hoc Committee
