

**KLA – Information & Technology Round Table  
First Quarter, 2008**

The Information and Technology Round Table will be using \$1,000 of its funds for a scholarship to pay for travel, registration and hotel for a member or potential member to attend the 2008 joint conference, in accordance with a previous practice to sponsor a speaker and provide a scholarship in alternate years (see attached flyer).

In addition, we will be budgeting approximately \$1,000 for the Internet Café for the duration of the conference.
