

KLA Past President
Annual Report
October 3, 2008

The main work that I've accomplished throughout this year in my role as Immediate Past President included:

- Preparing and presenting an orientation session for the new Board Members.
- Reviewing and approving the new budget along with the KLA Executive Secretary.
- Conducting the annual evaluation of the Executive Secretary.
- Serving as Chair of the 2009 Nominating Subcommittee of the Strategic Planning & Organization Committee.

The other members of the Nominating Subcommittee were **Linda Perkins** and **Laura Whayne**. Our task was to provide a qualified slate of candidates to run for 2009 KLA President-Elect and Secretary; the nominations rotate from all four sections so that each year's Executive Committee has a representative from each section. The nominees and their brief bios appeared in the summer issue of *Infocus*, and are to be voted on during today's General Membership Business Meeting. The 2009 slate of candidates are **Emmalee Hill Hoover**, President-Elect and **Leoma Dunn**, Secretary.

Additionally, I have served on the 2008 Conference Planning Committee, assisting as needed and working specifically on the Health Literacy Preconference and health track programming arrangements, as well as serving on the Mini-Session Committee.

Finally in late September, I worked with a group of librarians interested in creating a new KLA Round Table focused on disaster preparedness. An announcement will be made during today's Membership meeting as they begin recruiting potential members.

I have thoroughly enjoyed my time on the Board and look forward to serving KLA again in the future.

Respectfully submitted,

Laura Davison
