

#RT-11

**KLA Board Report
Youth Services Round Table Report
November 20, 2010**

The Youth Services Roundtable has not met yet since the previous chair resigned the position. I, Stephanie Wycihowski, from Warren County Public Library in Bowling Green just became the chair person on the Youth Services Round Table in October shortly before the Widening Circle Conference.

My goals for this year as chairperson is to increase membership on the Youth Services Round Table and to gain more of a presence of Youth Services librarians and programming for the Youth Librarian audience at the Fall 2011 Conference.

One of the ways I have started to promote more membership is by introducing myself as the “new” chair person for the Youth Service Roundtable during my presentation at the Widening Circles Conference in Berea, KY in October. I passed out fliers for the conference and also created a sticker that says “Say Yes” to Youth Services Round Table with the KLA Logo on it.

Respectfully submitted,

Stephanie Wycihowski
Youth Services Round Table Chair
