

KLA Youth Services Round Table

Report to the Board
Louisville, Kentucky
September 23, 2011

As chairman, I sent out a holiday welcome letter to the current membership. I also have developed a resource sharing sheet for sharing book recommendations, display ideas, program planning books, and websites that are helpful. I have been trying to send out monthly. But, I did not send as many out this year as I would have liked so I am changing it to quarterly for next year.

I worked with the youth librarians through KYAC and my Youth Services round table membership and had four different presenters submit proposals for the September KLA/KSMA conference. Three of those proposals were accepted by the KLA Board and conference planning committee.

I have also worked with Terri Brown to have a listserv developed for the Youth Services Round Table.

The Youth Services Roundtable will also have a swap and shop table of craft ideas/ program ideas for youth librarians to pick up ideas from other libraries at the upcoming September KLA/KSMA Conference.

I helped to get the presenter/ author named Phil Bildner who is the author of the Slugger series for the Friday Luncheon for the upcoming fall conference along with KLA Board, and KSMA chair.

I also promoted new membership into KLA and the Youth Services Roundtable by sending an email through on the KYAC listserv, forwarding our membership form to Roxanne Spencer to post for the new incoming WKU students and passed out stickers and fliers promoting the upcoming fall conference at the October conference for youth librarians last fall in Berea, KY.

Respectfully submitted,

Stephanie Wycihowski
Chair
