EXPERIENCING IT K-100: ENSURING CONTINUITY FOR LIFELONG RESEARCH NEEDS

Johan Koren, et al.

Kentucky students are woefully unprepared for college level research. How do we ensure that they get IT and get the support they need from Kindergarten through the rest of their lives? We will have a panel discussion with representatives from school, academic and public libraries.

- Recruited Terri Kirk, Reidland High School to represent school libraries, Linda Bartnik, Murray State University, for academic libraries, and Julie Hunt, Director, McCracken County Public Library for public libraries.

The business meeting will take place on Friday, October 1st at 1:00-1:30, immediately preceding the panel discussion.

Respectfully submitted,

Johan Koren
Chair
Information and Technology Roundtable.
