

Kentucky Library Association Board Meeting  
September 15, 2010  
Library Administration and Management Round Table  
(LAMA-RT) Quarterly Report

The Chair of LAMA has been in correspondence with Kari Martin, Director of Library Advancement at Eastern Kentucky University. The discussion centers on how the Development Officer community could benefit from more active involvement in LAMA.

In addition the Round Table leaders are geared up to have an Unconference Session in conjunction with our annual business meeting. The goal is to see if interest and engagement can be encouraged to expand the number of active members, especially in light of recruiting officers.

If this session is not successful we will be discussing the usefulness and necessity of and ultimate viability of keeping this round table active.

Respectfully Submitted by  
Constance Ard, Chair KLA LAMA RT
