

**KSMA Annual Report
KLA Board Meeting Report
September 30, 20098**

KSMA has had a busy year.

We have worked on promoting membership, mentoring and encouraging school librarians to be more proactive when dealing with school and district administrators.

We have secured members to serve on both the KSMA and KLA committees.

We have, and are continuing to look at the way our districts are aligned in order to encourage involvement and attendance at a district and local level.

We conducted a very successful Summer Refresher with 340+ school librarians in attendance.

We have planned for the annual fall conference and secured the Author Luncheon speaker.

Respectfully submitted,

Fred Tilsley
KSMA President
