At this conference, the Kentucky Libraries Award goes to John Schlipp for his article "Creative Thinking: A Student-Centered Approach to Plagiarism and Copyright" from Volume 74 Number 3 edition.

With the exception of one printing snafu, the first three issues of Volume 75 of Kentucky Libraries were printed without incident.

There were several issues this year with the publication and delivery of the association's IN-FO-CUS newsletter, particularly as it regards to reaching the entire membership. As of now, discussions are in the works regarding changing the format and delivery method of IN-FO-CUS.

This year, a number of changes were suggested for the Blue Book for both publications.

The web site has been a major project this year, and the transition to www.klaonline.org promises to be a good one!
