

KLA Minority Scholarship Committee

Report to the Kentucky Library Association Board

March 7, 2009

The Minority Scholarship Committee is reviewing and updating the scholarship application form, with hopes to have the revised version posted on the KLA website by mid-March. Along with this revision the committee will be discussing the application scoring process to determine what weight various factors should have in the selection of the winning application (i.e. essay, grade point average, accomplishments and letters of reference).

At the November 15, 2008 Board meeting there was discussion about whether KLA had agreed to an annual support of \$1,000 for the scholarship. A review of previous Board meeting minutes was to follow to make that determination. The Committee chair was asked to remind the Board about this at the March meeting.

Respectfully submitted,

Elliot Appelbaum

Chair
