

KLA Minority Scholarship Committee

Annual Report on Activities to the Kentucky Library Association

September 2009

The committee members for 2009 are: Elliot Appelbaum, Chair; Terry Buckner, Academic Library Section Representative, Teri Kirk, Kentucky School Media Association Representative, Nelda Moore, Kentucky Public Library Association Representative, and Christie Robinson, Special Library Section Representative.

The Minority Scholarship Committee conducted the bulk of its work this year via e-mail correspondence, with one face to face meeting in August to select this year's scholarship recipient. This year's scholarship recipient is Yolanda Brack-Jones, who is enrolled in the MSLS program at the University of Kentucky with a plan to pursue a career as a school media librarian.

The committee's work included updating the scholarship application with a more specific list of criteria of how each application will be evaluated. The committee also discussed way to further promote the scholarship as well as developing a rubric for scoring each application. Further work is planned for both of these areas.

Respectfully submitted,

Elliot Appelbaum

Chair
