

KLA Fund Raising Committee

Report to the Kentucky Library Association Board

November 20, 2010

It was recently determined that the Blue Book submission entry for the Fund Raising Committee is incomplete. The committee's charge was previously approved by the KLA Board but other sections were not developed. A proposal to include information regarding the committee's composition, duties and expenses will be developed and submitted for the Board's consideration at the March, 2011 Board meeting.

As the incoming chair I have been reviewing various state association websites to get a better idea of the types of fundraising efforts going on elsewhere.

Respectfully submitted,

Elliot Appelbaum

Chair
